**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 16-24 and 26-28 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose a combination of elements and steps in a method for receiving signals transmitted in frequency bands of a receive frequency, including performing post-filtering on the frequency band containing signals by adding an intermediate frequency to a first frequency band containing signals by adding a carrier frequency to a receive frequency band and pre-filter the receive frequency band, to obtain a second signal frequency band containing the signals wherein post-filtering is performed by a post-filter having a cut-off frequency that is variable and that is matched to one or more of the carrier frequency and the intermediate frequency in order to separate the second signal frequency from a neighboring frequency band, as in claims 16 and 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sam Bhattacharya whose telephone number is (571) 272-7917. The examiner can normally be reached on Weekdays, 9-6, with first Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lester G. Kincaid can be reached on (571) 272-7922.
